**PEOPLE’S CHOICE**

*The Queen’s Armour*

By: Morgan Olson
*Peonan Point School*

“I started this project on December 24 of 2017 and finished in the middle of October of 2018. It took ten months of doing at least an hour each night to complete. The design is a personal interpretation of what a queen or noblewoman would wear into battle.

The materials used are purely pop tabs from cans that I collected with the help of my friends and family. There are approximately six thousand tabs within the garment. It was designed to wear and I have worn it on several occasions. Each tab had to be cut at the top and bent separately to link them together. The design I created myself but I did Google the method of how to link the tabs together.”
